

# ***First Bank of Highland Park***

Where Community is First!

## **Roberti Community House**

First Bank of Highland Park invites you to stop by throughout June to view an exhibition showcasing the Roberti Community House (RCH), a former gang house in Waukegan that is now a safe and welcoming haven for neighbors of all ages. A large kitchen is the heart of RCH where neighbors are nourished both literally (sharing nutritious meals) and figuratively (receiving support, education and understanding). Since opening their doors in 2011, RCH has launched many successful programs, such as the Roberti Culinary Pathway program that helps struggling individuals secure jobs in the food service industry. Mark your calendars for their Open House on August 1st to learn more about the Junior Green Youth Farm and the many other exciting programs that help community members nourish their individual strengths and talents.
